Verification

Non - Capitalized

In March, an updated, signed copy of your Non Capital Equipment Log is due to Business Operations for all 57xxx Extension Orgs. Academic units do not send in logs centrally, but it is a good practice to review, update, and sign annually.

Review the log carefully – make sure you did not miss any new purchases this year. Look for reassigned equipment. Move discarded items to the historical tab.

Return via Fax 614-688-0529 or email cfaesbusiness@osu.edu.
